

a U.S. Steel company

METALLURGICAL CERTIFICATION

Sold To: STEEL & PIPE SUPPLY COMPAN
MANEATTAN, KS 66502

Certificate #: 1157033
Load Number: 588966

Material Weight: 46,020 LB/20,874 KG

CATOOSA, OK 74015

Heat Number: 42604131

Part No.: 70660999

Description: HOT ROLLED BLACK-PRIME

Customer PO: 4500619286-0020

Spec: A36 CONVERSION TO

0.1800X60.0000 (MIN)

Material ID: 42604131-03

Order #: 160268

Linear Ft: 1,225 ft

213221

CHEMICAL ANALYSIS

	C	Mn	P	S	Al	Cu	Ni	Cr	Mo	Sn	Ti	V	Nb	N	B	Ca	C(eq)

PHYSICAL RESULTS

Tested With Coil 42604131-08
0.2% Yield Strength 51 ksi
Direction Transverse
Tensile Strength 73 ksi
Total Elongation 28 %
Coil Thickness 0.1850 in

PHYSICAL RESULTS

Tested With Coil 42604131-02
0.2% Yield Strength 53 ksi
Direction Transverse
Tensile Strength 74 ksi
Total Elongation 21 %
Coil Thickness 0.1571 in

We hereby certify the above is correct as contained in the records of the company. All tests performed according to ASTM standard E8, A370, E18, E415 and E1019. All tensile tests performed at 70 (+/-) 5 °F. Material meets specification/customer requirements. The Test Report is in compliance with Specification EN 10204 Type 3.1. This product was melted and manufactured in the USA.

The value of the material is not portrayed in this document due to confidential clauses.
